OBJECTIVE

To leverage my technical skills, problem-solving abilities, and passion for software development in a dynamic and innovative environment. I aim to contribute to impactful projects and continuously enhance my expertise while growing within a collaborative and forward-thinking team.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Python, Java, C, R
- **Web Development:** HTML, CSS
- **Databases:** MySQL

PROJECTS

Pet Care Central- Pet Management System   *Jan 2024 - Mar 2024*
- User-friendly interface for managing pet and inventory details.
- Designed the database schema and implemented SQL queries for CRUD operations.
- Improved admin control features for efficient pet and inventory management.

Techy- The Voice Activated Virtual Assistant   *May 2024 – Jul 2024*
- The AI-powered virtual assistant is designed using Python to interpret and respond to voice commands.
- It provides functionalities such as managing schedules, setting reminders, and performing web searches.

Sky Cast- Weather Forecasting Application   *Oct 2023 – Dec 2023*
- User-friendly interface to view weather conditions.
- Implemented JavaScript functions to fetch and display weather data from a public API.
- Improved understanding of API integration and frontend development principles.

EDUCATION

Srinivas Institute of Technology, Mangaluru |B.E |CSE	*2021-Present*
Visvesvaraya Technological University	**CGPA 8.6/10**
Sharada P.U College, Mangaluru| XII	*2019 – 2021*
Karnataka Secondary Education Examination Board	**Percentage – 93.6%**
M E S Kunil School, Kasaragod | X	*2018 – 2019*
Central Board of Secondary Education	**Percentage – 91%**

CERTIFICATION

- Data Analytics - Certiport
- Google Android Developer-AICTE
- Java-Certiport
- Web development-Coursera

SOFT SKILLS

- Proficient in teamwork.
- Time management
- Adaptability
- Problem-Solving
